

Abhishek Rathore

Indore, M.P | +91 7691-903806 | rathorabhishek133@gmail.com

Profile Summary

Enthusiastic Frontend Developer skilled in JavaScript (ES6+), React.js, and responsive web design with a solid understanding of SDLC and team collaboration. Passionate about building user-friendly interfaces using modern web technologies like Redux, Hooks, and Context API.

Experience

Vector Skill Academy | Training

Nov 2024 - Apr 2025

- Developed responsive and accessible web interfaces using **HTML5**, **CSS3**, **Flexbox**, and **JavaScript (ES6+)**.
- Built dynamic single-page applications (SPAs) using **React.js**, leveraging **Hooks**, **Redux**, and **Context API** for efficient state management.
- Integrated RESTful APIs into frontend apps using **AJAX** for real-time data rendering and interactivity.
- Designed and implemented reusable UI components following best practices in **Responsive Web Design**.
- Collaborated in small teams, following **SDLC** practices, including requirement gathering, development, testing, and deployment.
- Applied **microservices architecture concepts** while understanding the role of frontend in distributed systems.
- Wrote clean, maintainable code in **C** and **C++** for academic and personal projects, focusing on logic building and optimization.
- Demonstrated strong team coordination skills during group projects, ensuring smooth task delegation and delivery.
- Utilized version control tools like **Git/GitHub** for collaborative development and code management.
- Ensured cross-browser compatibility and mobile-first design principles in all frontend projects.

Certification

Frontend Development Certification, *Vector Skill Academy*

Education

12th – passed from Shree Bal Gangadhar Tilak H.S.School Sunera (M.P.) in 2022.

Technical Skills

Javascript, ES6+, HTML5, CSS3, Flexbox, React.js, Redux, Hooks, Context API, AJAX, C, C++, SDLC, Microservices, Responsive Web Design, Frontend Development, Team Coordination.
